Instructions for abstracts

400 words maximum. Structured and unstructured abstracts are both acceptable. Include: **Title, Name(s), Affiliation, address, e-mail, phone, fax.** Submit electronically as an attachment as .doc, .wpd, .rtf or other acceptable file.

Instructions for posters

Instead of a short oral paper, a poster may be a very effective means of scientific communication and an easy way to get in contact with colleagues interested in the same subject.

To ensure the interest for these sessions, poster boards will be placed in a dedicated room and posters will be displayed on Friday 13 October and Saturday 14 October from 9.00 to 18.00.

When preparing a poster, please keep in mind the following:

- the maximum height of the poster is 120 cm and its maximum width is 80 cm.
- First, put the title of the poster in large capitals.
- Next, mention the names of the author(s) together with a full address for correspondence.
- Then, divide the poster into four parts:
 - (1) **purpose: summarize the basic ideas or hypotheses which have guided you in your project**
 - (2) **method: briefly describe subjects (patients, controls) and instruments**
 - (3) **results: stress the important results and present data in small tables or preferably in a graphic way**
 - (4) **conclusions: discuss the most important findings with their implications for further research or clinical/therapeutic practice.**
- at the bottom of the poster panel you may put a large sheet of paper with the invitation “Please leave your name and address here, so we can send you more information”; you can also bring copies of your contribution (hand-outs, reprints) and leave them with the invitation “please take a copy”.

REGISTRATION FORM

NOTIFICATION OF ACCEPTANCE

All Abstracts will be evaluated by the Scientific Committee according to the following criteria: their relevance to the Conference theme, originality, precision and clarity of presentation.

ATTENTION: PRE-PAYMENT

Speakers and presenters will be notified of acceptance by **10 september 2006**. However the final acceptance of an oral paper or poster together with the printing of its abstract in the conference book is dependent upon the receipt of pre-payment of the registration fee by 30 July 2006.

ATTENTION: LAST MINUTE POSTERS

Late abstracts (submitted **after 31 July 2006**) will be considered for "last minute poster communications". After approval by the Scientific Committee they will be handled as an addendum to the accepted and classified contributions, but may not be printed in the conference book of abstracts.
